Dearest Sean

I know I've stressed how thankful I am to have the Malek's be the new owners, but I don't think I've mentioned how equally happy I am to have had you as an agent. I'm truly grateful for all your help and efforts. I know I wasn't the easiest case considering the lack of records and being so unorganized. I thank you for sticking by me and help make this transaction happen.

Hopefully the next time I contact you for a sale it will be for a profitable venture :)
Have a wonderful holiday season and best wishes to you and your family for the new year.

Take care

Parzad
