Re: Sean Edelstein

To Whom It May Concern:

I have worked with Sean off and on for the past 3 years through the purchase and sale of my business. Sean deals with all his clients in a very professional manner. His knowledge of the industry and people skills made him my top choice when it came time for me to chose a broker.

Sean is always available and responds very quickly to his clients. In a tough marketplace, he went the extra mile marketing my business by exploring all avenues to gain interest which resulted in a quick sale. Sean is also well versed in all areas of small business and is extremely helpful.

I highly recommend his services to anyone looking to purchase or sell a business and would not hesitate to use him again.
