To whom it may concern:

Rolan Shnyder is my first choice for residential mortgage banking because he consistently offers good rates and very fast, responsive and organized service. I know I can count on him to help my customers and get our deals done.

Rolan is also smart and generous in his deal making. Recently, he was able to provide me with a commitment letter the same day that the appraisal was done. This meant that the board package could be submitted immediately and hopefully will expedite our ability to close more quickly. In another instance, there was a concern on the part of the buyer over costs of extending the mortgage rate lock. Again, Rolan found a simple way to resolve that potentially difficult dispute.

I work with Rolan because he never loses sight of the big picture; he is careful and thorough. Yet, he doesn't get bogged down in unnecessary conflicts. He cuts to the chase, and gets the deal done. I recommend you call Rolan first whether you are a broker, buyer or seller and see what he can do for you.
