In the not too distant past, during the holiday season many employers gave a turkey to each loyal employee as a gesture of appreciation for a job well done. Businesses oftentimes expanded this practice, reaching out to thank their valued clients and referral partners who provided steadfast support throughout the year.

The Tuesday before Thanksgiving, Norwell- and Plymouth-based Advanced Mortgage Services LLC revived this time-honored tradition with their "Great Turkey Give-Away." Hundreds of referral partners and clients flocked to the Norwell and Plymouth offices of Advanced Mortgage Services to receive their free turkey just in time for Thanksgiving. A truckload of turkeys was stationed at each site to accommodate the many participants, who took home a total of 350 turkeys.

Brian Comer, president of Advance Mortgage Services, was on hand at the company's Norwell office where employees were decked out in their distinctive red team jackets, greeting the many recipients.

"We feel that it's very important to let people know that their business and referrals are appreciated, particularly in these uncertain economic times," Comer said. "It was a real pleasure to be able to give away turkeys to hundreds of clients and referral partners in appreciation for their loyalty throughout the year, reaffirming our commitment to these many long-lasting relationships."
