

NeverEmptyTube Guarantee™

What, no fliers *again*?

AT S.E.O. & Associates Real Estate we NEVER want someone looking at your house to have to deal with that frustration. That is why we offer the Exclusive NeverEmptyTube Guarantee™. Our goal is to always have custom designed, full color fliers in the tube to help market your home 24/7. In the event that the tube becomes empty, we will be sure it is refilled with in 24 hours or less from when you let us know.

It's that simple. We want people who stop to get information about your home to leave excited about the photos and the information on the flier. So excited in fact that the first thing they do is call to schedule a showing. Now we have a prospective buyer for your home.

Prospective buyers looking at a flier for a home listed by S.E.O. & Associates have only one thing to say:

“What a beautiful home!”
