

OpenHouse Guarantee™

S.E.O. & Associates wants to give prospective buyers every opportunity to see your home and OPEN HOUSES are one way we accomplish this goal. S.E.O. & Associates Real Estate guarantees every client AT LEAST one open house during the listing period, more often if we decide together that it is in the best interest of selling your home.

While we know that some Agents think that open houses are not in vogue, we believe that more people looking at your home means more potential buyers, and more potential buyers increase the odds of finding the right buyer. And the right buyer translates into a stronger contract and a smoother transaction – it just makes sense!

So, if you are thinking about selling your home, give us a call. Our OpenHouse Guarantee™ is just one more way S.E.O. & Associates provides Superior Attention
