Totally unique parcels in one of the most spectacular areas in Paradise Valley

In Every Direction... Mountains

Build your dream home at the foot of the Absaroka Mountains on some of the most spectacular land ever offered in Paradise Valley. Each lot offers private build sites and 360 views looking right into the face of the Absaroka mountains. All parcels have rolling terrain with scattered junipers, plus a walking easement on a section of state land, home to hundreds of wintering elk. Fly-fishers will enjoy the close proximity to Blue-Ribbon fishing in the Yellowstone River and Mill Creek. Chico Hot Springs is just 7 miles south, Yellowstone Park's north entrance is less than an hour away, and the Absaroka-Beartooth Wilderness area is a few minutes up the road.
