BRIDGER MOUNTAIN

LOG HOMES INC.

# A WALK IN THE WOODS

# Living In A Log Home...

ENDURING BLEND OF FINE CRAFTSMANSHIP  
AND THE BEAUTY OF NATURE

**A**t Bridger Mountain Log Homes, Inc., we create a work of art in each of our custom designed log homes. We start our projects with nature's best insulator — high quality, standing dry, Rocky Mountain timber. Together with the addition of special features such as river-rock fireplaces, open log staircases, dormers, balconies, etc., we will have created a work of art that will be enjoyed by many generations.
