It is my pleasure to recommend Terry Traylor to assist you or your clients with their mortgage needs.

I have known Terry for three years in my profession as a full time Realtor. Terry has assisted many of my clients in obtaining financing for a new home. I have developed tremendous respect for Terry, his knowledge of the industry, his level of integrity and his strength of character. I rank him as one of the best mortgage consultants for my clients.

Terry has distinguished himself by consistently going “above and beyond” to do whatever is necessary to get a transaction closed. There have been times when he has helped me “save” a transaction that other loan officers had turned away — and has done this in record time!

I also appreciate Terry for his honesty. If there are problems that become evident, Terry will help the clients work through the issues if at all possible. He will also let them know in advance if they are not able to become qualified.

It is always a pleasure doing business with Terry. I know my clients will receive first class service when they decide to choose him for their home financing needs.

With Regards,
