

To Whom It May Concern:

I am writing to let you know the great working relationship I have with Terry Traylor with Network Funding, LLP.

I have known Terry and had a working relationship with him for more than four years. I have found his work impeccable. His service is great. He is always in cell phone range and returns calls promptly. He works very diligently to get your client closed on time, and stays in touch at all times letting you exactly what is being done.

I highly recommend Terry to you. Be assured that you will find the same high level service and dedication that I have received from him.

Sincerely,
