- **The book is a concise guide to commercial mortgages and does NOT promote Seren Funding.**

I wrote Commercial Mortgage 101 because of the shortage of educational material covering commercial mortgages. Commercial Mortgage 101 covers selling the deal; it’s based on NEED not RATE. Once you learn to apply that, you will have a much easier time selling commercial deals. Commercial Mortgage 101 covers REALITY, and working on CLOSEABLE DEALS. - Jeff Rosner
