Wealth Builders Club of Houston

Dear Investor;

Excel Mortgage Corporation takes a great deal of interest in your success. Because of our interest, we developed a very unique and proactive organization called “The Wealth Builders Club”.

Our organization and its members provide in-valuable information through our monthly meetings, guest speakers and their active participation.

Many of our past clients provide testimonies on their success with our Re-Hab program. Realtors are often available at the meetings to provide leads to available properties.

Our guest speakers come from many related fields within the real estate community. Each month a guest speaker is scheduled to provide a presentation on his/her related field. The main objective of the presentation is to educate “You” the investor.

Our organization overall intent is to assist and educate you in your endeavor to build wealth in Real Estate through our Re-Hab to Permanent Loan Program.

If you would like to attend one of our Re-Hab presentations, please contact our office for the next scheduled meeting. Meetings are generally scheduled for Wednesday nights at 7:00pm. At our corporate office in Houston Texas.

Thank you,

Ron Buonomo

Vice President
