Avalon at Seven Hills – A Beautiful Condo Conversion in a Prime Location

Avalon is a sophisticated collection of luxury condominiums, and like rare works in a fine art collection, each home at Avalon is an individual masterpiece to be cherished and admired; each a fulfillment of an artist's vision of beauty.

Nestled in one of the most exclusive parts of the Las Vegas Valley, Seven Hills, the collection of condominiums at Avalon is perched atop the rolling peaks of the McCullough mountain range, with breathtaking views of Las Vegas that are beyond compare. Daylight at Avalon brings a rainbow of colors from the surrounding mountains, and at night, the twinkling neon casts a mesmerizing glow from the Las Vegas strip.

Life at Avalon affords a wealth of modern recreation and lifestyle opportunities unlike anywhere else in Las Vegas. Lushly landscaped winding walkways, hiking, biking and jogging trails, four parks, open spaces, baseball diamonds, a soccer field, picnic areas, tennis courts and sand volleyball courts are all within walking distance from Avalon. The Rio Secco golf course is just a nine-iron shot away.

The community of Avalon is a step above and a world away, yet at the same time is close to real life – a wide variety of shops, restaurants, banking, medical care and an assortment of businesses are within close reach. Interstate 15 and the I-215 beltway provide easy access to other locations in the Las Vegas Valley, making getting into the city and back to your private retreat at Avalon quick and easy.

Like works of fine art, these homes are one of a kind. The collection of luxury condominiums at Avalon awaits you.
